

**Form PV: Solar Photovoltaic Systems
Utah Renewable Energy Systems Tax Credit
Investment Tax Credit Certification**

This form must be completed by all applicants seeking Utah tax credits for a system producing electricity from the sun by using photovoltaic (PV) technology.

Taxpayer Name

Social Security Number or Federal ID Number

Does your photovoltaic system feed power into a building's electrical system?

If not, explain how the power is used

Is the building for which you are providing power connected to a utility's electrical grid?

Yes (Application must include interconnection agreement; see instructions)

No

If no, how far is the building from the nearest utility power lines?

Does your photovoltaic system include batteries?

Yes

No

If yes, enter the make and model

Number of batteries

Volts

Amps per battery

List make and model of PV modules (see instruction)

Number of modules

Total capacity (watts) of the system

List make and model of inverter(s) (see instructions)

Number of inverters

Array orientation (degrees from true south)

Array tilt (degress from horizontal)

Total cost of your PV system

Total eligible PV equipment cost (see instructions)

Total eligible PV installation and other costs (see instructions)

Total eligible PV cost (sum of equipment, installation, and other)

Reasonable cost limitation (see instructions)

Enter amount of credit claimed for the PV system above (see instructions)
